

Benefits of Green Products:

Protects our Environment – Our **Green Guard Product Line** is formulated with our Earth and its inhabitants in mind. These products are fragrance free, biodegradable, phosphate free and also contains no VOC's. This practice leads to a more positive environmental profile than standard cleaning products.

Safety – The **Green Guard Product Line** is formulated to ensure that ingredients contain no components that pose serious hazards. This is beneficial to children and pets who can be sensitive to many of the chemicals in some cleaning products.

Conservation – Using our system can extend the life of your fabric and surfaces.

Education – Tri-Plex Technical Services, Ltd. provides all our customers information on the benefits of using formulations with improved environmental and health characteristics. By using EPA Design for Environment Recognized products you can assure that you are using products designed to protect human health and the environment.

*Tough on Dirt & Stains
Safe for your family*

Green Guard - 1st EPA DfE Approved Carpet Protector

Why should I use Green Guard?

Green Guard Carpet Protector is the 1st Carpet Protector to be certified **Green** by the EPA Design for the Environment Program.

Green Guard is formulated with the following features:

- Non-Toxic
- Skin Friendly
- Biodegradable
- No Fragrances

Green Guard should be applied after each extraction cleaning to help your carpet “*Stay Cleaner Longer*”. Over the course of everyday life your carpet’s stain protection weakens due to foot traffic, cleaning and deodorizing products.

Other Protectors Claim to be “The Best” but there is only one **Green Guard!** Not only does **Green Guard** help to replenish your stain and soil protection, it does it with certified Green Chemistry. Rest assured your home’s carpet has been protected with an EPA Design for the Environment Approved product.
